SF Shop wide discounts

Shop wide discounts are discounts applying to all products in your shop or to the entire order placed by a customer.

To select a discount method click on its name.
Of course you can also schedule special discount times automatically.

WICHTIG: Stellen Sie sicher, dass Sie die Rabattcodes im Dialogfeld Produkteigenschaften 2 eingeben - wie hier gezeigt:

The image shows a 'Product Wizard - Test Product XYZ' dialog box. The background window displays product details for 'Test Product XYZ' with a price of 'US\$ 54.00'. The wizard has a sidebar with navigation options: Product Properties 2, More images, Discounts, Options & choices, Specifications, Product Shipping Costs, Taxes, Available Stock, Related products, Link information, Detailed View Style, SEO Details, and Google information. The main area contains several sections: 'Delivery time' (dropdown), 'Product category' (dropdown), 'Quantity unit' (dropdown) with a checkbox for 'Allow decimal quantities such as 1.5', 'Base Price' (input field '0.000' and dropdown), 'Brand / Manufacturer' (dropdown), 'Manufacturer code' (input), 'Product code' (input), 'Distributor code' (input), 'Price code' (input), 'EAN / UPC / UCC-13' (input), and 'Discount code (customers)' (dropdown). The 'Discount code (customers)' dropdown is highlighted with a red box and contains the text 'pcodexyz Enter discount code here...'. An arrow points to this dropdown. At the bottom right, there are 'OK', 'Cancel', and 'Help' buttons.
