# **Copy 'Related Products' in bulk to other products** with the Product Templates function

Merliza N. - 2021-09-06 - Pages and Products

In ShopFactory, you can setup cross-promoted products that targets buyers of a product with an offer to purchase a related product. For example, a customer buying a shirt can see some 'Related Products' of a pair of pants and shoes that coordinate with the shirt. This aims to target buyers during the purchasing process with suggestions on related products.

### A) Bulk update products with "Related Products"

## 1: Setup a product with the list of "Related Products" on a department

- At the left-tree menu, select Homepage or any department in Navigation 2
- Click Add product button
- Click Properties -> Related Products
- Add the products you want to cross-promote

Refer to this article for detailed steps, Adding Related products (Cross promotions)

#### 2: Move the product to "Product Templates"

- Select the product and click CTRL+X (Cut)
- At the left-tree menu, select Product Templates
- Paste (CTRL+V)

#### 3: Bulk copy 'Related Products' to multiple items in your shop

- Go to List of Contents or select a department/page where you want these Related Products to be applied.
- If you are on a page/department, click "Manage Products" to switch to Items List mode.
- Select the products by pressing CTRL key and clicking each of the products

- Right-click on the selection -> at the shortcut menu, click Copy Values from a product template to all selected products
