Enable MultiSafepay JSON payment option in your online shop

Merliza N. - 2022-10-22 - Payment Settings

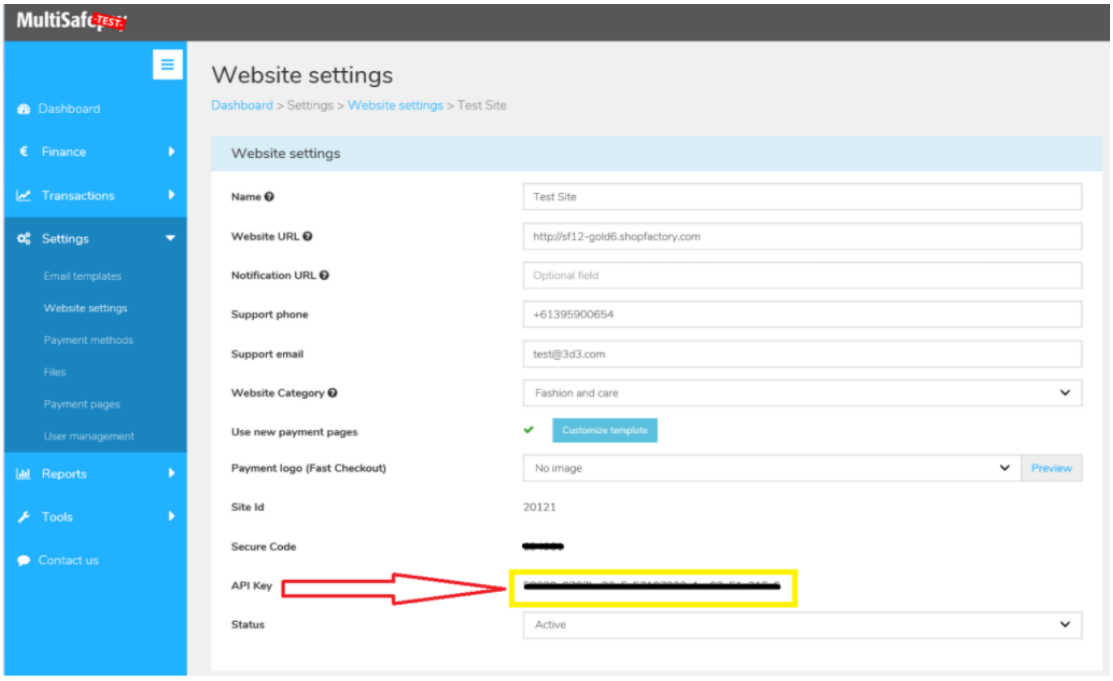

SF Test Shop: http://sf12-gold6.shopfactory.com/

Part 1: Signup for a merchant account with Multisafepay using JSON API

Read more about the activation process at: https://www.multisafepay.com/docs/getting-started/
If you have any further questions, please don't hesitate to contact MultiSafepay via support@multisafepay.com or by telephone on +31 (0)20 8500 500 (Monday to Friday between 9.00 - 17.30 hours CET).

Part 2: Once your application is approved and you received your Multisafepay Connect merchant details, setup your shop to accept Multisafepay supoarted payments

Note: Your API key will be required to be able to setup your shop. Login to your Multisafepay merchant account -> **Settings** -> **Website Settings**

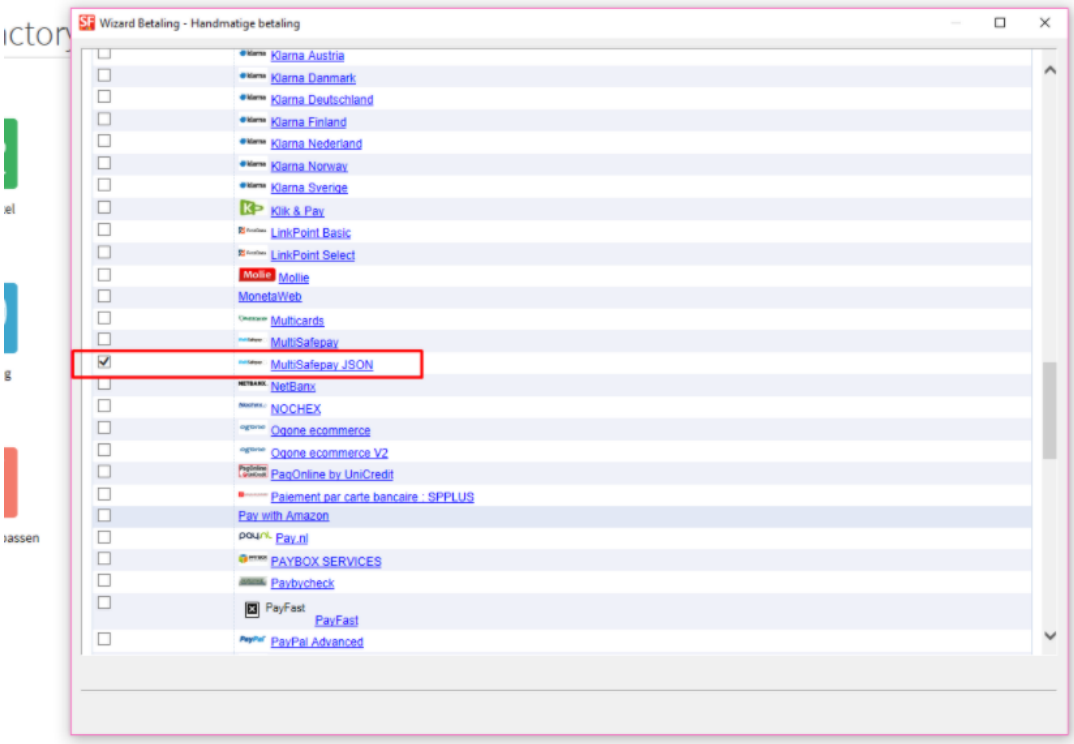

How to enable in SF

- Open your shop in ShopFactory

- Click -> Central drop-down menu -> Payment methods accepted

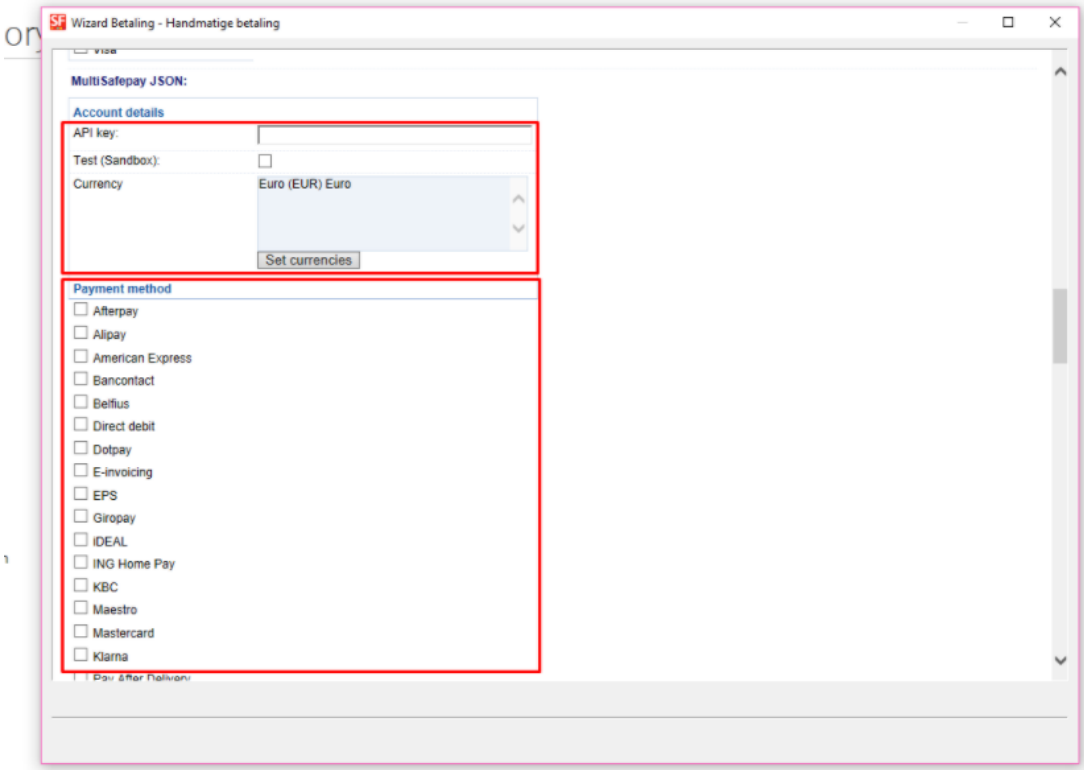

- From the Payment Providers list, tick **"MultiSafepay JSON"**

- Scroll down the page and click NEXT button

- Enter your **MultiSafepay JSON** account details

- Tick the card types under **MultiSafepay JSON** supported Payment Methods that you want to enable in your shop.

- Click Next

- Click Finish

- Save and preview your shop. Place a test order.

- Republish your shop so that the changes are uploaded online
