# How do I change the Page Title of my website that appears at the top of a Browser?

Merliza N. - 2025-12-10 - Pages and Products

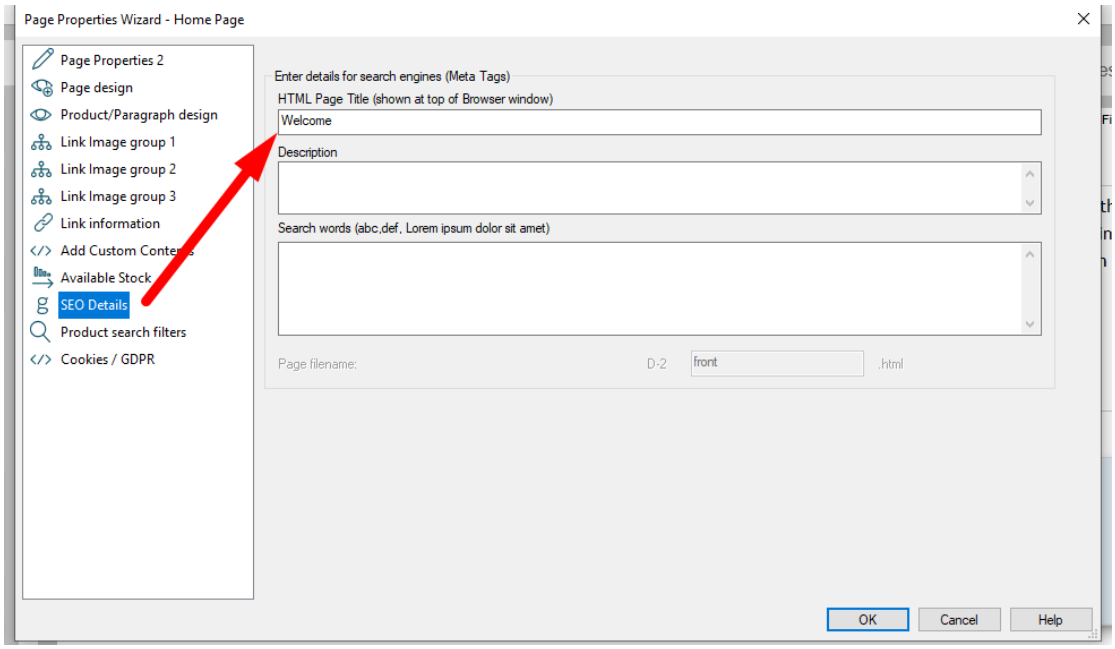

- Open shop in Shopfactory

- In the Left Tree, select a page, ie *Home page*

- Click EDIT PAGE and select PROPERTIES button

- In left tree, select SEO DETAILS

- Change the text under HTML PAGE TITLE

- Click OK

- Then simply choose Settings -> Rebuild All and then republish your website and you'll see the title at the top of the browser
