How do I use Discounts with Set Time Limit and Repeat options?

Elenor A. - 2021-12-08 - Discount Functions

1. From the menu choose **Central** dropdown => **Shop wide Discounts**

2. After you have setup your discounts, tick the box "**Use time limit**" as shown in the screenshot below.

Product Wizard - Product 62		×
Product Properties 2 More images Discounts Options & choices Specifications Product Shipping Costs	 Here you can set up discounts applying to your product. There are six discount types available. To select them click on the Methods drop down menu. Then enter the discount values. Of course you can also schedule a discount for special times, only. Discount price: Enter a discounted price for the product. This price will be highlighted to your customers. Discount percentage: Discount the price of the product by a set percentage. Buy this quantity and get this quantity free: Give additional products to customers ordering a specified quantity — 	< >
 Taxes Available Stock Related products Link information Detailed View Style SEO Details Google information 	Special discount message Select one of the following methods: Discount percentage Discount percentage 5.000% IB:28, Thursday, September 03, 2020 To 18:28, Friday, September 04, 2020 Set time limit	

3. It will enable the Set Time Limit button, so click on that.

4. Now you will see the time limit discount window:

- Set the Start and End dates properly

- You have the option to enable "Repeat after" a number of days, weeks or months.

So for example you can repeat the discount every 6 months

You also have an option of How often.

For example I want this to repeat every 6 months 2 times only then i would set it up like this

u Discount time limit	×
Start: Thursday , September 3, 2020 V 6:28 PM	
End: Friday , September 4, 2020 V 6:28 PM
