### Closing for the holidays?

There are several areas in your website where you can show your buyers a holiday bulletin notice.

You can even turn off buying in your shop if you don't wish to accept orders during the holidays. To temporarily close your store to the general public, simply go to *Settings* menu -> *Global Settings* -> *Settings for this website* -> *Miscellaneous* -> then tick "**Don't allow buying**" -> Ok -> Save and publish your shop.

There are 3 ways to allow your customers to access your website and simply show a holiday bulletin notice:

#### 1. Add a notice via Shop-wide discount message section

- Open your shop in ShopFactory
- Click *Central* dropdown button -> select "*Shop-wide discounts*"

- Enter your holiday notice or promotions in the message box:

**Shop wide discounts**

Shop wide discounts are discounts applying to all products in your shop or to the entire order placed by a customer.

To select a discount method click on its name.

Of course you can also schedule special discount times automatically.
