How to edit "bank transfer" payment method names under Manual Payments

Merliza N. - 2021-12-08 - [Payment Settings](#)

The ability to edit the bank transfer payment method name(s) only applies to any active/paid ShopFactory Total Care account and paid GlobeCharge accounts. A new feature in the payment methods setup wizard is to allow you to create/define your own manual payment method names for these "bank transfer" options.

Please refer to the steps outlined below:

- In ShopFactory, go to **ShopFactory Central** and click **My Store** and then select '**Select how to accept payments**' (Or in previous version such as ShopFactory 10, click on *Properties*-> Payment methods accepted)
- In the first screen of the Wizard make sure to tick the option: **I want to approve some payment methods myself**

Select	Service Providers
<input checked="" type="checkbox"/>	PayPal
<input type="checkbox"/>	PayPal Express
<input type="checkbox"/>	PayPal Pro
<input type="checkbox"/>	Moneybookers (Skrill)
<input type="checkbox"/>	2CO 2checkout v1
<input type="checkbox"/>	2CO 2checkout v2
<input type="checkbox"/>	支付宝
<input type="checkbox"/>	Amazon Simple Pay
<input type="checkbox"/>	Atos Worldline
<input type="checkbox"/>	Authorize.Net

- Then go to the next screen. You will find a list of payment methods there in the Manual payment section
- In the list of manual payments, you will find 5 other "Bank transfer" options. Notice that the payment method name is a text box in which you can enter your own payment name.

Example:

- NAB Australia
- Rabobank Netherlands
- payment in advance by PayPal
- Commerzbank AG Germany

- Tick the checkbox in front of the payment method name so a text box will appear in which you can add additional information for the buyer.

Change the payment method names accordingly.
