Setup Afterpay payment and enable Afterpay Site Messaging to my product and cart pages

Merliza N. - 2021-07-12 - Payment Settings

Afterpay is available for ShopFactory merchants with a store address in Australia.

Note: Afterpay is only available to ShopFactory users with active SF Cloud subscription.

You can show your customers the Afterpay installments on Product pages and on the Basket page with the Afterpay lightbox that links to Afterpay's terms and conditions.

Payment Configuration

To enable and display Afterpay as a Payment Method, follow the steps below:

1. Click Central dropdown > Payment Methods Accepted

- 2. From the list of Payment Providers, tick "Afterpay" then click Next
- 3. Locate the Afterpay setup dialog and enter the *Merchant ID* provided by Afterpay into the Merchant ID field.

The Merchant ID is a number. If you don't have this please contact your Afterpay Account Manager.

4. Enter the *Secret Key* provided by Afterpay into the Secret Key field.

If your Afterpay merchant account is on Test mode, tick the 'Test (Sandbox)' checkbox.

5. Enable all the supported currencies for Afterpay i.e. AUD and then tick "Afterpay" payment method.
