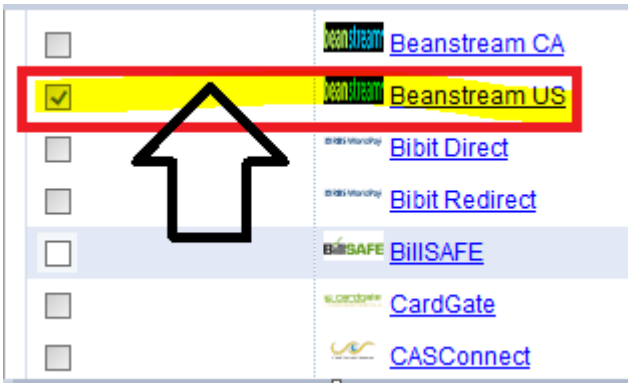
Setup Beanstream as supported payment processor in my shop

Elenor A. - 2021-12-08 - Payment Settings

1. Open your shop in ShopFactory

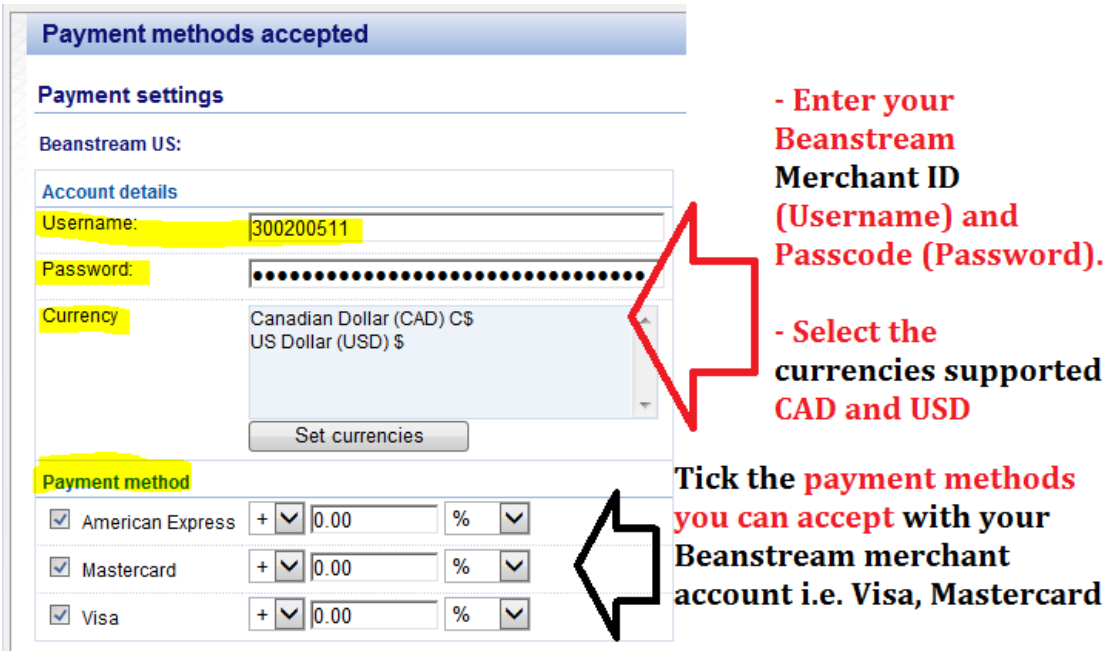
2. Click on Central dropdown -> *Payment Methods Accepted* -> at the Service Providers list, tick ***Beanstream CA*** or ***Beanstream US*** checkbox, as shown in the below screenshot:



3. At the bottom of the page, click ***Next*** button.

4. Enter your **Beanstream** merchant details – enable the currencies supported *i.e. US Dollars and Canadian dollars* and then tick the payment methods supported in your account.

Note: *New merchants receive their Beanstream login details including Merchant ID and Passcode for accounts that are in "Test" mode. Transactions processed through the test environment do not have monetary value and are free of charge. You should contact Beanstream Support to switch your account to the "live" mode.*



5. Click ***Next*** button and click *Finish* to save the settings.

6. Save your shop project and then click on 'Preview' -> Preview in external browser -> place a test order in your shop to ensure checkout can be completed.

7. Go back to 'Normal' mode and publish your shop.

Your customers can now pay with Visa / Mastercard / American Express processed by Beanstream. They enter their credit card details on Page 2 of the secure checkout.
TEST CARD NUMBERS:

If you are still in the integration phase, you can use the following credit card numbers for testing purposes. These card numbers will not work once your account has been turned live.
You may choose any expiry date in the future to use with these test card numbers.
Some test environments use a Canada Post search. As a result, if a card is used with a fictional address, the test will return as “declined.” We have provided one card of each type (see below) that contains a “real world” address. Tests using these cards will provide an “Approved” message.

VISA - Use with CVD 123

- 4030000010001234 Approved
- 4003050500040005 Declined
- 4504481742333 Approved for transactions less than $100/ Declined for transactions greater than $100
- 4012888888881881 Approved Note: this card includes a real-world (as compared to a fictional) address. It will work in tests that reference the Canada Post database, for example.
