Setup multiple shipping providers in your shop

Jobelle C. - 2021-12-07 - [Shipping and Taxes](#)

Realtime shipping rates are calculated at checkout by a shipping provider based on the basket details. This helps you charge your customers the exact amount that a shipping provider such as USPS, DHL, or FedEx, will charge you when buying a shipping label.

Several Shipping Providers are available in ShopFactory. For example, if you're in the United States, you can add enable USPS, FedEx, and UPS.

For Canada, you can enable Canada Post and FedEx shipping providers. Or if you're in Australia, you can enable Australia Post.

When you setup realtime shipping rates, you need to enter accurate weights for each of your products to show accurate shipping rates for your customers at checkout.

You will need to enable the **"Combine multiple shipping providers"** option:

- Open shop in ShopFactory
- Click on the "Central" dropdown button (Properties) -> *Select Shipping Charges*
- Select **"Use a Provider"**
- Click "Next" button
- Select **"Combine Multiple Shipping Providers"** - *Note: you can still use this option even if you are only using one realtime shipping provider*

Realtime Shipping Settings

Please choose one shipping provider:

- ☒ Combine multiple shipping providers
- ☐ United States Postal Service
- ☐ FEDEX Web Service (US, CA)
- ☐ Canada Post
- ☐ Australia Post

3) Sendcloud Shipping

Refer to this KB article, [Setup SendCloud Platform in ShopFactory](#)

4. Setup DHL shipping

DHL integration: http://www.dhl.com/en/express/resource_center/integrated_shipping_solutions.html

You will need to contact DHL and get them to generate your Site ID. You need the DHL online shipping site ID

Aside from the merchant DHL account number, you need to have the "online shipping site ID".

Please have your DHL Merchant account number handy when contacting DHL Support.

The DHL Account Number you have will need to be setup for API services.

You will need to complete a similar form below so you get a DHL Site ID and password.

http://www.dhl.com.au/en/express/resource_center/integrated_shipping_solutions/request_xml_toolkit.html

DHL will get back to you within a day or two with your Site ID and password.

- Enter your DHL Account Number, Site ID, and password provided by DHL integration team - and select the countries that you wish to ship to - see sample screenshot below:
