EN-Setup PayPal Plus as a payment option in my shop

Merliza N. - 2021-12-08 - Payment Settings

PayPal Plus for Germany is now supported in ShopFactory.

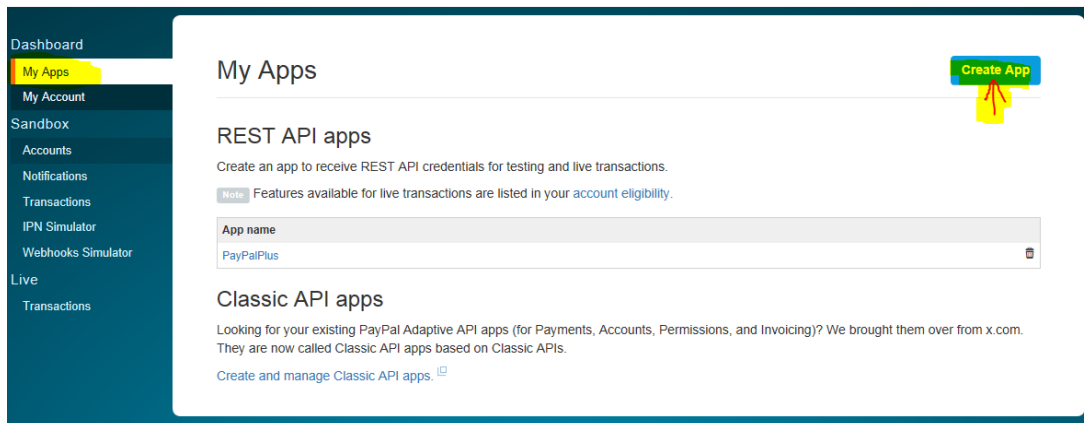

1. Setup PayPal Plus merchant account

To get a PayPal Plus merchant account, you need to sign in to PayPal developer account.

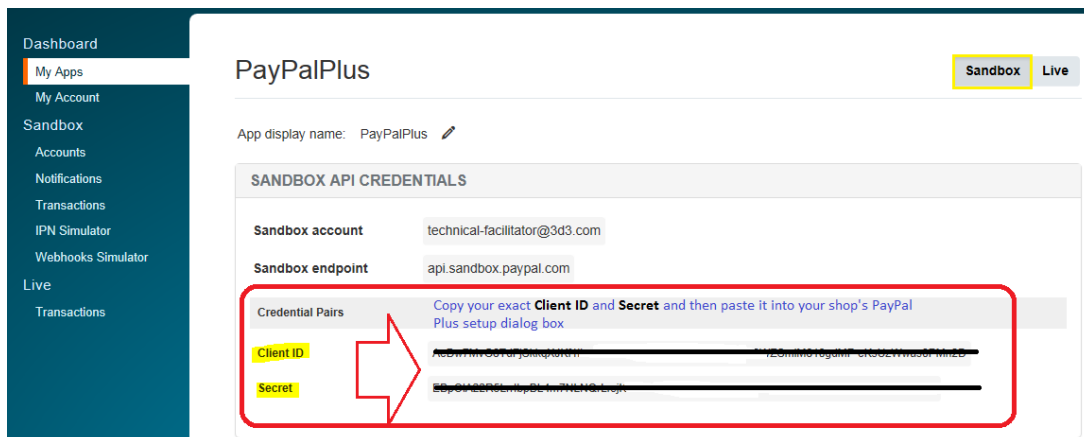

- Log in at <https://developer.paypal.com/>

- Go to **DASHBOARD** -> **My Apps**

- Click on the "Create App" button if you don't have one yet to be able to get the credential pair:
Client ID and **Secret**

Once the app has been created, click on the specific App name to view your **Client ID** and **Secret** details -

Basically, your account must be tested on Sandbox first. Once it's all ok - you can switch to live (just change to **live** credential pair in My Apps page).

****You may need to copy the Client ID and Secret details for the live environment and paste the details into your shop's payment setup dialog for PayPal Plus.*

2. Enable 'PayPal Plus' in your shop

- Open your shop in ShopFactory
- Click on Central dropdown -> Payment methods accepted
- Tick "PayPal Plus"
- Click Next
- Enter your PayPal Plus merchant account details as requested:
 - Client ID
 - Secret
 - Tick Sandbox if account is still in Test mode
 - Set currency you accept
 - Tick 'PayPal Plus' under payment method

PayPal Plus:

Enter your PayPal Plus merchant account.

Tick "**Sandbox**" if your account is in Test mode.

Select the supported currency i.e. Euro

Tick "PayPal Plus" under payment method

Account details

Client ID: AeDw7MvG8TdFjSkkqXJKf1il-xQusfHOEEYF

Secret: [Redacted]

Test (Sandbox):

Currency: Euro (EUR) Euro

Set currencies

Payment method

PayPal Plus + 0.00 %

- Click Next
- Click Finish
- Save and publish your shop
