Show "Product Details" in secure Checkout page to comply with GDPR

Jobelle C. - 2021-11-16 - Pages and Products

To comply with the GDPR regulations, the product details must be displayed to your buyer during Checkout.

1: All products must have texts in the product introduction section

This can be achieved by adding the product details in the **"Product Introduction"** section for each product.

- Open your shop in ShopFactory
- At the left-tree menu, select the page/department where products are contained (you can choose to switch to LIST mode for a quick view of all products in that department)
- Select a product -> click "EDIT PRODUCT" from the toolbar
- In the **"Introduction"** textbox, enter a short description for this product

Default ▾

☒ Product visible ☒ Request a quote
☐ Don't show 'Add to Basket' button ☒ Request a sample

Properties **Finish** ↩

File name: p77047_Product-111.html ID: P77047

Product title: Product 111a Price: A\$ 14.95

Promote: [dropdown] SKU / Cat. No.: pr-111a Weight: 1.000 kg

Introduction

This is a short product headline sample text.

Add your product details here....

SAMPLE TEXT

Sample text simply exists so you can see what your new block looks like. To

*** Repeat above steps for all other products in your shop

2: Enable the "Show product details in checkout" option under Global Settings

- Click *Settings* menu -> select "Global Settings"
- At the left column, select "Settings for this Website" -> **Miscellaneous**

- Tick **"Show Product details in checkout"** checkbox as shown below:

- Click Ok.

- Save and publish your shop again.

When customers order from your shop, the "product introduction" texts will be displayed at the final checkout page.

Here's an example:

Billing address [Edit](#)

First Name:	Test	Last Name:	Order
Company Name:	Company XYZ	Country:	Australia
House number:	123	Street:	Testing St.
