

Add Store to Facebook

Merliza N. - 2021-12-08 - Apps & ShopFactory Cloud

Important note: The Facebook store app requires https. Facebook app will only work for websites that are in **https**. It is Facebook requiring your site to be in https:// - it's not ShopFactory who can make this work; you need to either use our ShopFactory hosting or get your own ssl certificate (discuss with your hosting provider).

NOTE: Facebook store app will only work using an SFX template.

- Login to your Facebook account and create a new page (or register if you don't have a Facebook account yet)
- You need to create your own Facebook page first i.e. *ABC123 Store*
- Open your shop in ShopFactory
- Click on the "**Central**" menu or click "ShopFactory Central" at the left tree menu
- At the right side of the Central page, click on the "Add store to Facebook" button

ShopFactory Central

The screenshot shows the ShopFactory Central dashboard. On the right side, there is a vertical menu with several buttons. The button labeled "Add store to Facebook" is highlighted with a red rectangular box. A red arrow points from the "Social Networks" icon in the main dashboard grid to this button. The main dashboard grid includes icons for My Store, My Products, My Orders, Marketing, Social Networks, Site Analytics / SEO, Customize design, Video tutorials, and ShopFactory Cloud. The right-hand menu also includes buttons for Upgrade, Visit shop, App store, Activate Apps, and Remove sample contents.

- It will open up your default browser and ask you to login to your Facebook account if you haven't

logged in yet
