How do I use Discounts with Set Time Limit and Repeat options?

Elenor A. - 2021-12-08 - [Discount Functions](#)

1. From the menu choose **Central** dropdown => **Shop wide Discounts**
2. After you have setup your discounts, tick the box **"Use time limit"** as shown in the screenshot below.

3. It will enable the Set Time Limit button, so click on that.
4. Now you will see the time limit discount window:

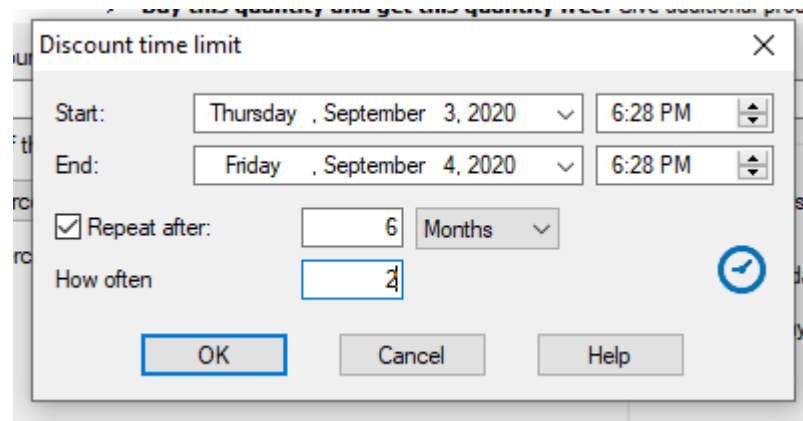

- Set the Start and End dates properly
- You have the option to enable "Repeat after" a number of days, weeks or months.

So for example you can repeat the discount every 6 months

You also have an option of How often.

For example I want this to repeat every 6 months 2 times only then i would set it up like this

The image shows a screenshot of a software dialog box titled "Discount time limit". The dialog box has a close button (X) in the top right corner. It contains the following fields and controls:

- Start:** A date and time selector showing "Thursday , September 3, 2020" and "6:28 PM".
- End:** A date and time selector showing "Friday , September 4, 2020" and "6:28 PM".
- Repeat after:** A checked checkbox followed by a text input field containing "6" and a dropdown menu set to "Months".
- How often:** A text input field containing "2".
- Buttons:** "OK", "Cancel", and "Help" buttons at the bottom.
- Icon:** A blue circular icon with a white checkmark is located to the right of the "How often" field.
