# EN-Selecting a different Navigation Style, Page Style, Productloop style, Detailed View Style

Elenor A. - 2021-12-08 - Design and Customizations

The website theme you choose for your shop has its own preset design styles. You can change a specific page or product to have a different style from the default one that comes with the website theme.

#### A. Changing to a different Navigation Style

- Open shop in ShopFactory
- At the left tree menu, right click on Navigation 2 -> Select a navigation style...

- You can select your preferred Navigation Style such as SFX-BASE variation 1

NOTE: untick "Use page link information image as fallback in navigation - if you want to use "Navigation image" in the shop instead of the <Page Link Info image>

				×
Select a navig	ation style			
<u></u>	Here you select the style of the page layout. You can later easily customize the design to better sui Click on the 'Finish' Button below, when you are done. > Preview: Here you see the look of the select > Style: Here you will find many different style > Apply to all sub pages: Tick this box if you its cub page as well	ed style. s. Select one by clicking on it.		^ •
