Setting up PayPal Express payment in my shop

Elenor A. - 2021-12-08 - [Payment Settings](#)

PayPal Express payment bypasses the ShopFactory secure checkout form and directly connects the buyer to the secure PayPal payment page. When you enable this option in your shop, the "PayPal Express" button appears on the Basket page so customers can click on the PayPal Express button after selecting the shipping region.

Merchants must at least have a *Business account* with PayPal.

A. How do I obtain a PayPal API Signature?

Have your PayPal Express merchant details ready:

1. Firstly, you must have a valid Verified Paypal **Business** Account, if not go to www.paypal.com and signup for a Business account
2. Login to your PayPal account at www.paypal.com
3. Select the tab **Profile** -> *My Selling Tools* -> At the "Selling Online" section -> locate the **API Access** item -> click UPDATE
4. From the window above click on **API Access**
5. If you have not done so already click on Option 2: **Request API Credentials**

The screenshot shows the PayPal 'API Access' page. At the top, there is a navigation bar with tabs: 'My Account', 'Send Money', 'Request Money', 'Merchant Services', 'Auction Tools', and 'Products & Services'. Below this is a sub-menu with 'Overview', 'Add Funds', 'Withdraw', 'History', 'Resolution Centre', and 'Profile'. The main heading is 'API Access' with a 'Back to My Profile' link. A paragraph explains that an API allows PayPal software to communicate with an online shop. Below this is the section 'Setting up API permissions and credentials', which instructs users to choose one of two options to integrate their PayPal payment solution. Option 1 is 'Grant API permissions to a third party to use certain PayPal APIs on your behalf', with a sub-section 'Choose this option if:' and two bullet points: 'You are using a pre-integrated shopping cart, hosted by a third party' and 'Your website is hosted and managed by a third-party service provider'. A link 'Grant API permission' is at the bottom of this section. Option 2 is 'Request API credentials to create your own API username and password', with a sub-section 'This option applies to:' and two bullet points: 'Custom websites and online shops' and 'Pre-integrated shopping carts running on your own server'. A yellow highlight is placed over the text 'Request API credentials' in this section.

6. On the next window choose the **API Signature** option and *Submit*
7. The next screen shows your details which you need to copy/paste in ShopFactory as outlined below this article

B. Setting up PayPal Express in ShopFactory

1 - If you are using ShopFactory Version: 12/11/10/ Total Care rental plan, refer to the steps below:

1. Open shop in ShopFactory
2. Click on **ShopFactory Cloud**
3. Select "Change ShopFactory Cloud account for this shop"
4. Enter your ShopFactory Cloud username and password and then click OK
5. Click on **Central** dropdown button (*Properties*) => select "**Payment methods accepted**"
6. From the list of payment Providers, select Paypal Express

Sf Payment Wizard - Manual payment

Payment methods accepted

Payment methods wizard
Here you can define the payment methods you want to accept. You can accept payment methods yourself or use a third party payment service provider which verifies payments on your behalf.
The base currency of your account is set to: Australian Dollar

Payment processing:
 I want to approve some payment methods myself
Many businesses approve payment methods such as 'Pay by check' or 'Pick up and pay' or 'Pay on Invoice' themselves.

I want to use a payment service provider
The partner companies listed below can approve payments made to you. You must have an account with them.

Country
Australia

Select	Service Providers
<input type="checkbox"/>	PayPal PayPal
<input checked="" type="checkbox"/>	PayPal Express
<input type="checkbox"/>	Moneybookers (Skrill)
<input type="checkbox"/>	2Checkout v2
<input type="checkbox"/>	AfterPay AU
<input type="checkbox"/>	ANZ eGate
<input type="checkbox"/>	ANZ eGate Direct
<input type="checkbox"/>	Bibit Direct
<input type="checkbox"/>	Bibit Redirect
<input type="checkbox"/>	Braintree
<input type="checkbox"/>	CardGate

7. Scroll down and then click **Next**
8. On the next page, enter your PayPal Express details.
