Show payment service provider name during checkout

Elenor A. - 2021-12-08 - Payment Settings

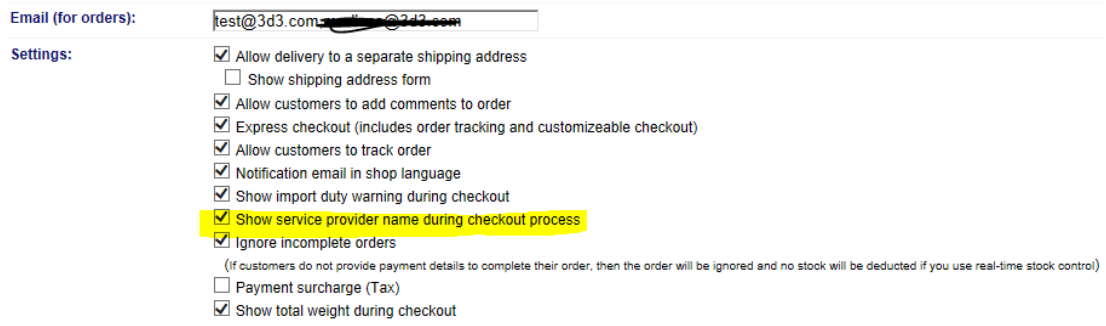

ShopFactory has "*Show payment provider name during checkout process*" option at the ShopFactory Cloud / Total Care interface that can be enabled by merchants if they want the payment provider logo to show during checkout.

To set this up, you will need to do the following:

- Open shop in ShopFactory

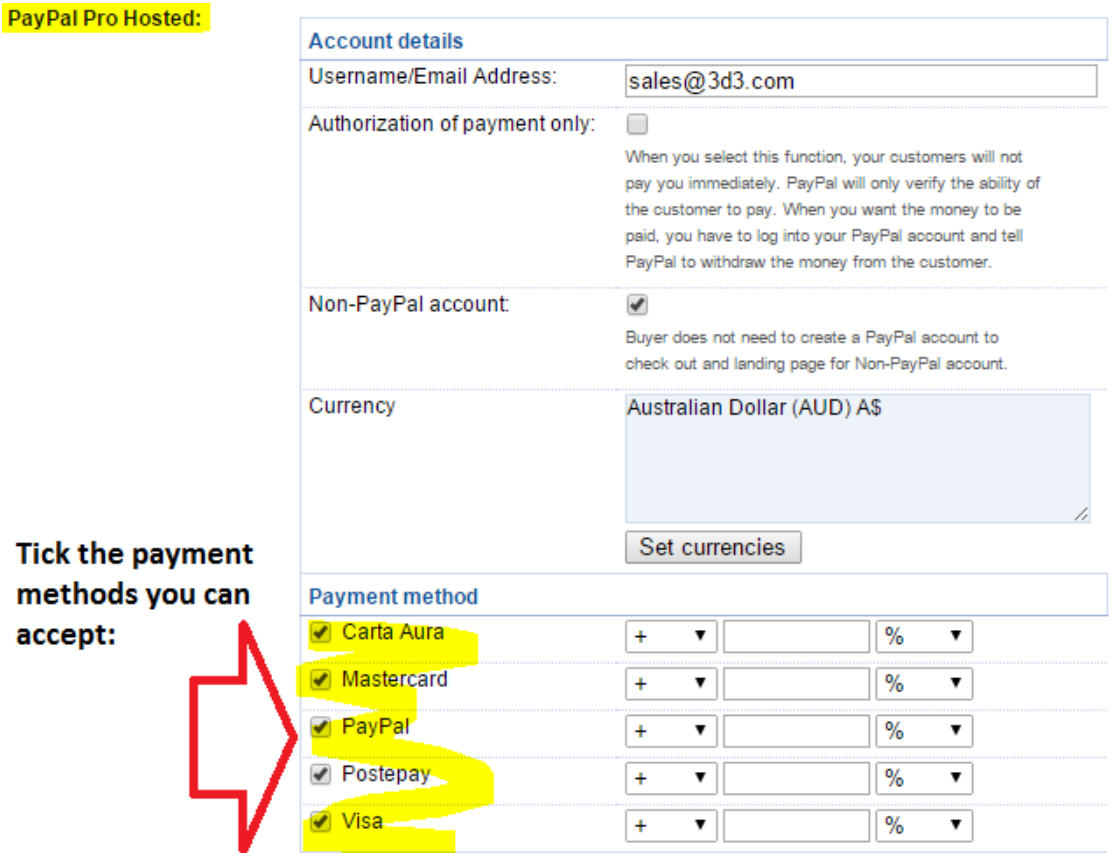

- Click on MY ORDERS button to connect to the SF Cloud interface -> select "Return to ShopFactory Total Care interface" link -> click on **Settings** menu -> ***Account Settings*** -> **Settings** section:

- Tick "**Show service provider name during checkout process**" and then click Submit button to save the changes.

- Merchant will need to open the payment setup wizard again: Central -> ***Payment Methods Accepted*** -> tick the payments you can accept for example, PayPal Pro HOSTED - tick all the card payments your merchant account can accept such as: Visa, Mastercard, Carta Aura, Postepay, PayPal. Click Next until Finish. Complete the payment setup wizard.

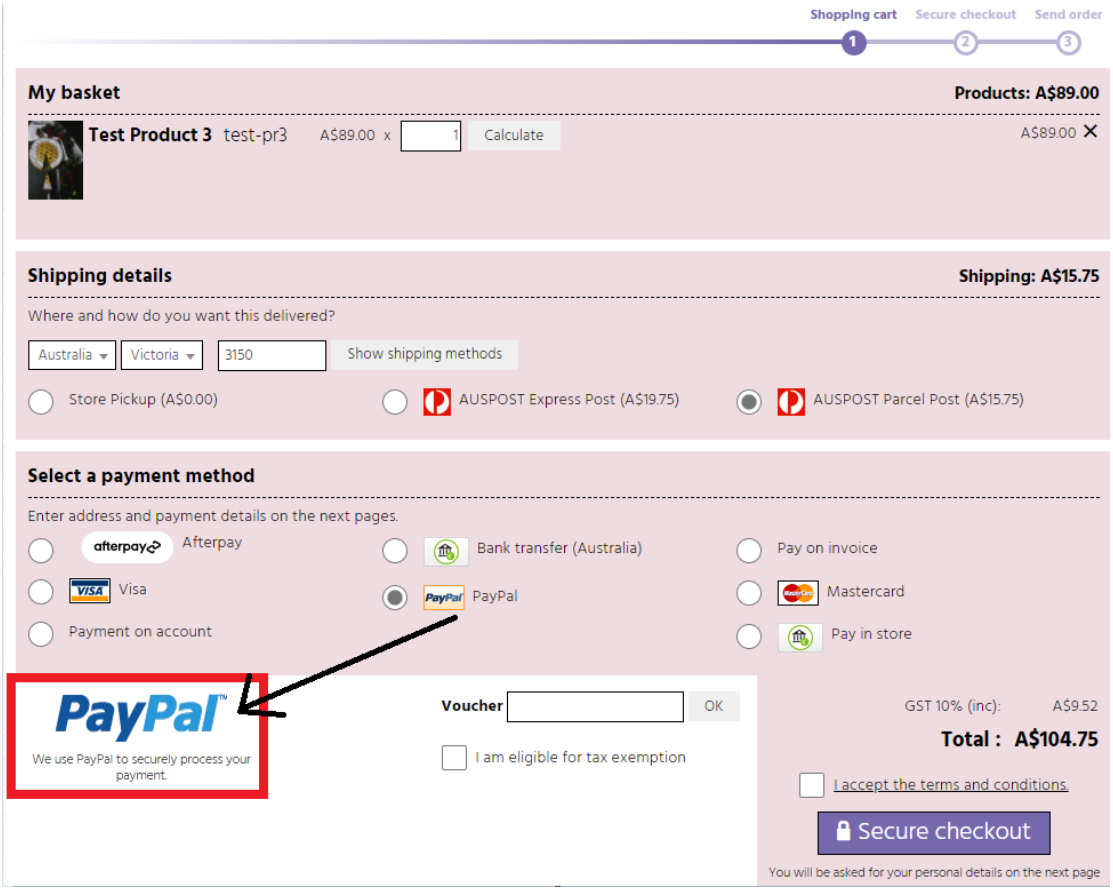

PayPal Pro Hosted:

Tick the payment methods you can accept:

- Publish shop again.

- Place a test order in your shop. During checkout, when a customer selects VISA for example, it will display the Payment Provider logo and more information on the basket page:

Note: The merchant themselves can also add the payment provider logo with supported payment methods in different areas within the shop such as Basket page description or Header/footer of the website.

See examples below:

Live shop shows PayPal logo at the footer section, http://www.planet-music.org/index.html

Payment provider logo on the website header: http://oreweb.ca

This store shows the PayPal logo in Index 2, http://www.littlegulliver.com.au/

This test shop shows the PayPal logo with credit cards in the basket page, http://merliza.santu.com/contents/en-us/basket.html
