Show "Product Details" in secure Checkout page to comply with GDPR

Jobelle C. - 2021-11-16 - [Pages and Products](#)

To comply with the GDPR regulations, the product details must be displayed to your buyer during Checkout.

1: All products must have texts in the product introduction section

This can be achieved by adding the product details in the "**Product Introduction**" section for each product.

- Open your shop in ShopFactory
- At the left-tree menu, select the page/department where products are contained (you can choose to switch to LIST mode for a quick view of all products in that department)
- Select a product -> click "EDIT PRODUCT" from the toolbar
- In the "**Introduction**" textbox, enter a short description for this product
