Show "Product Details" in secure Checkout page to comply with GDPR

Jobelle C. - 2021-11-16 - Pages and Products

To comply with the GDPR regulations, the product details must be displayed to your buyer during Checkout.

1: All products must have texts in the product introduction section

This can be achieved by adding the product details in the "**Product Introduction**" section for each product.

- Open your shop in ShopFactory
- At the left-tree menu, select the page/department where products are contained (you can choose to switch to LIST mode for a quick view of all products in that department)
- Select a product -> click "EDIT PRODUCT" from the toolbar
- In the "**Introduction**" textbox, enter a short description for this product

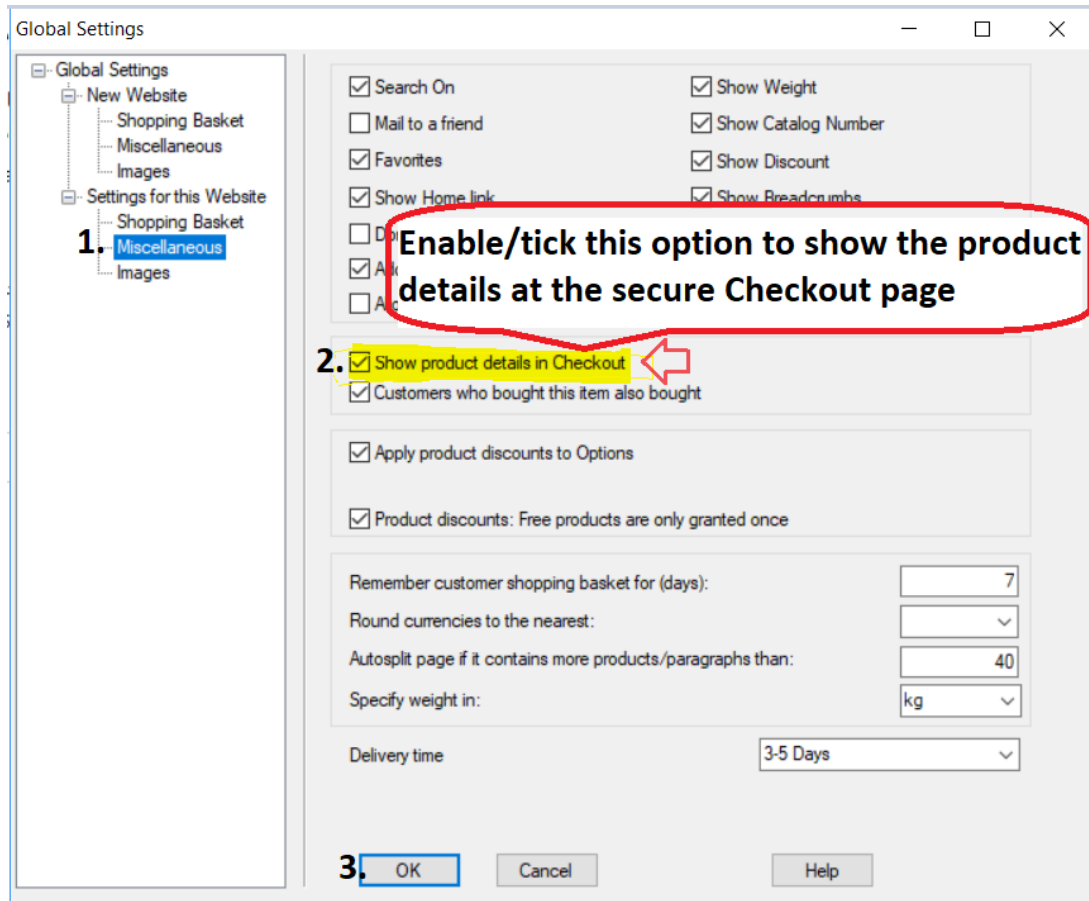

The screenshot shows the product editing interface in ShopFactory. The 'Introduction' section is highlighted with a yellow box and contains the text 'This is a short product headline sample text.' and 'Add your product details here....'. The interface also shows fields for Product title, Price, SKU / Cat. No., Weight, and an image of a glass of lemonade with a blue dumbbell.

*** Repeat above steps for all other products in your shop

2: Enable the "Show product details in checkout" option under Global Settings

- Click *Settings* menu -> select "*Global Settings*"
- At the left column, select "*Settings for this Website*" -> **Miscellaneous**

- Tick "Show Product details in checkout" checkbox as shown below:

- Click Ok.

- Save and publish your shop again.

When customers order from your shop, the "product introduction" texts will be displayed at the final checkout page.
