Using 'Stripe for ShopFactory' platform to accept payments in your online shop

Merliza N. - 2021-12-16 - Payment Settings

Note: Stripe for ShopFactory platform is limited to ShopFactory V14 onwards.

Stripe is an easy way to accept payments online. You can signup for a Stripe merchant account without setup fees nor monthly fees.

Stripe is available to businesses in more than 40 countries. With Stripe, you can accept all major debit and credit cards from customers as well as Digital Wallet payments such as Apple Pay, Google Pay, Alipay, Microsoft Pay, WeChat Pay, etc. plus other local payment methods including Klarna, Giropay, iDeal, SEPA Direct Debit and many more.

https://stripe.com/payments/payment-methods-guide#payment-method-fact-sheets

Stripe for ShopFactory platform allows you to accept payments directly on your online shop. With Stripe, customers stay on your online shop during checkout instead of being redirected to an externally hosted checkout page, which has been proven to lead to higher conversion rates.

ShopFactory Stripe Sandbox Test Shop: http://merliza-platinum.shopfactory.com/

- Open your shop in ShopFactory
- Click on Central dropdown button -> Payment methods accepted
- Click on the blue button "Signup / Activate Stripe for ShopFactory"

- Once you have logged in to your Stripe account and connected to the ShopFactory platform, your Stripe Account ID and the supported payment methods are enabled in the setup dialog.

Part 2: Complete your Stripe merchant account activation process

A separate email may be sent to you by Stripe requesting for more information from you as a seller.

Part 3: Setup "Stripe for ShopFactory" payments in your Shop

After completing Part 1, you can enable Stripe payments in your shop.

- From the list of Payment Providers, tick "Stripe for ShopFactory"
