Download ShopFactory Again: Update to the latest ShopFactory release

Merliza N. - 2026-02-19 - Inicio

You can download and install the latest release of ShopFactory from our Downloads page.

Alternatively, you can go to https://www.shopfactory.com > Support > Download ShopFactory Again.

The fixes and new features are listed on this page - ShopFactory Releases.

1. Download and install the latest ShopFactory release
2. Open your shop in ShopFactory.
3. *Optional:* Enable 'Rebuild all' from 'Settings' menu then click on 'Preview' -> Preview in external browser. Go back to the ShopFactory editor and untick 'Rebuild all' from the Settings menu
4. Save and preview your shop in external browser. Place a test order to ensure secure checkout works.
5. Publish your shop again.
