Enable MultiSafepay JSON payment option in your online shop

Merliza N. - 2022-10-22 - Parámetros de pagamiento

SF Test Shop: <http://sf12-gold6.shopfactory.com/>

Part 1: Signup for a merchant account with Multisafepay using JSON API

Read more about the activation process at: <https://www.multisafepay.com/docs/getting-started/>

If you have any further questions, please don't hesitate to contact MultiSafepay

via support@multisafepay.com or by telephone on +31 (0)20 8500 500 (Monday to Friday between 9.00 - 17.30 hours CET).

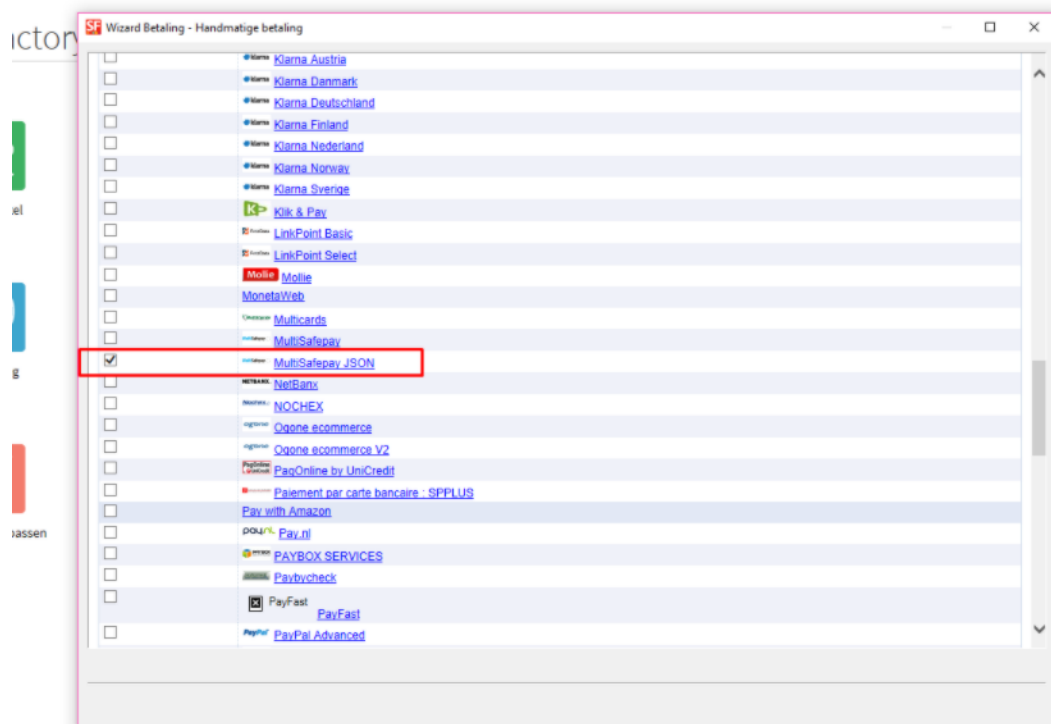

Part 2: Once your application is approved and you received your Multisafepay Connect merchant details, setup your shop to accept Multisafepay supported payments

Note: Your API key will be required to be able to setup your shop. Login to your Multisafepay merchant account -> **Settings** -> **Website Settings**

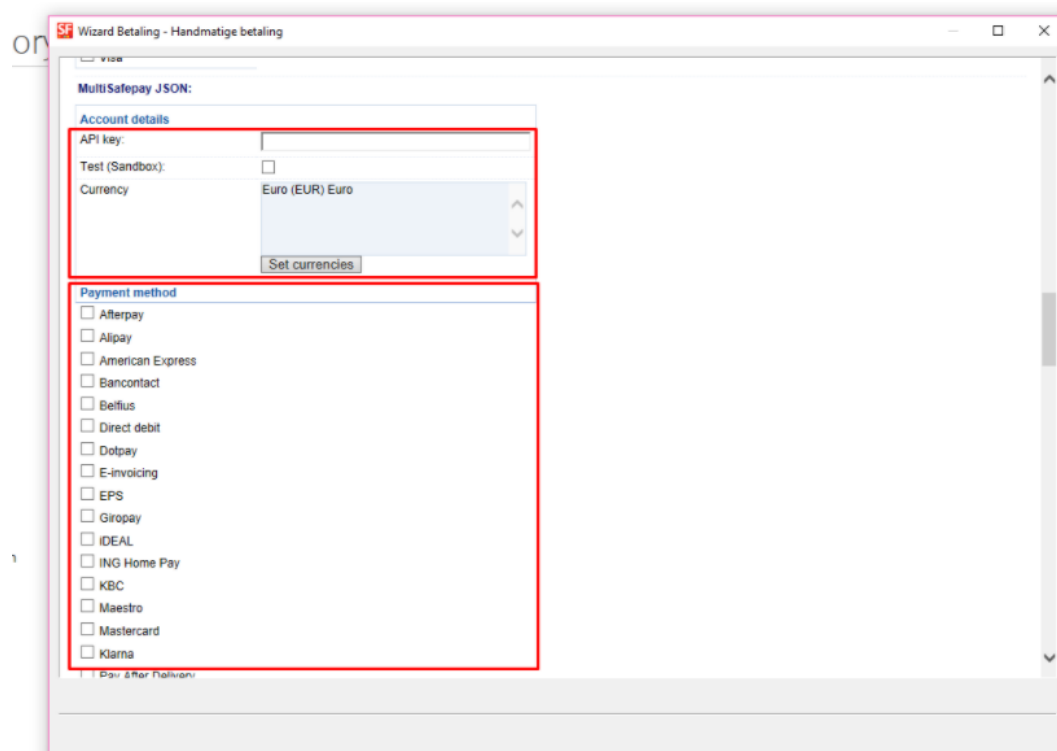

The screenshot shows the 'Website settings' page in the MultiSafepay merchant interface. The left sidebar contains navigation links: Dashboard, Finance, Transactions, Settings (selected), Reports, Tools, and Contact us. The 'Settings' menu is expanded, showing sub-options: Email templates, Website settings (selected), Payment methods, Files, Payment pages, and User management. The main content area is titled 'Website settings' and includes a breadcrumb trail: Dashboard > Settings > Website settings > Test Site. The settings form includes the following fields: Name (Test Site), Website URL (http://sf12-gold6.shopfactory.com), Notification URL (Optional field), Support phone (+61395900654), Support email (test@3d3.com), Website Category (Fashion and care), Use new payment pages (checked, with a 'Customize templates' button), Payment logo (Fast Checkout) (No image, with a 'Preview' button), Site id (20121), Secure Code (masked), API Key (masked, highlighted with a yellow box and a red arrow), and Status (Active).

How to enable in SF

- Open your shop in ShopFactory
- Click -> Central drop-down menu -> Payment methods accepted
- From the Payment Providers list, tick "**MultiSafepay JSON**"

- Scroll down the page and click NEXT button
- Enter your **MultiSafepay JSON** account details
- Tick the card types under **MultiSafepay JSON** supported Payment Methods that you want to enable in your shop.

- Click Next

- Click Finish
- Save and preview your shop. Place a test order.
- Republish your shop so that the changes are uploaded online
