To accept credit card payments in PayPal and buyer doesn't need to have a PayPal account to complete payment.

Simply enable "Non-PayPal account" checkbox in the payment settings to allow buyers to checkout without having to create a PayPal account.

- Open shop in ShopFactory
- Click **Central** dropdown button -> **Payment methods accepted**
- Select **Show All** from the **Country** dropdown menu.
- Scroll down and tick **PayPal** checkbox and then click Next button.
- Enter your PayPal Email address.
- Enable **"Non-PayPal Account"** checkbox

Buyer does not need to create a PayPal account to checkout and landing page for Non-PayPal account.

- Select the currencies you want to accept - make sure the currencies you enable here match your shop currencies.

The screenshot shows the 'Payment methods accepted' settings page. The 'Payment settings' section is expanded to show 'PayPal' details. Under 'Account details', the 'Username/Email Address' field contains 'test@3d3.com'. Below this, there is an 'Authorization of payment only' section with an unchecked checkbox and a descriptive text. The 'Non-PayPal account' section is highlighted with a red box, showing a checked checkbox and the text: 'Buyer does not need to create a PayPal account to check out and landing page for Non-PayPal account.' At the bottom, the 'Currency' dropdown menu is open, showing 'Afghanistan Afghani (AFA) Af' and 'Albanian Lek (ALL) L'.

- Tick the payment methods you want to accept in PayPal, i.e. Visa, Mastercard, PayPal, etc.
