

EN Setup multiple shipping providers in your shop

Jobelle C. - 2021-12-07 - Envío, Taxas (VAT)

Realtime shipping rates are calculated at checkout by a shipping provider based on the basket details. This helps you charge your customers the exact amount that a shipping provider such as USPS, DHL, or FedEx, will charge you when buying a shipping label.

Several Shipping Providers are available in ShopFactory. For example, if you're in the United States, you can add enable USPS, FedEx, and UPS.

For Canada, you can enable Canada Post and FedEx shipping providers. Or if you're in Australia, you can enable Australia Post.

When you setup realtime shipping rates, you need to enter accurate weights for each of your products to show accurate shipping rates for your customers at checkout.

You will need to enable the "**Combine multiple shipping providers**" option:

- Open shop in ShopFactory
- Click on the "Central" dropdown button (Properties) -> *Select Shipping Charges*
- Select "**Use a Provider**"
- Click "Next" button
- Select "**Combine Multiple Shipping Providers**" - *Note: you can still use this option even if you are only using one realtime shipping provider*

- If you are setting up for the first time, you may need to enter your ShopFactory username

and password -> then click "Next"

☐ UPS

Shipping service
To be able to use this service you need to login with your details

Username:

Password:

- Ensure you have entered the required fields accordingly i.e. select the correct weight unit, merchant Post Code/Zipcode is filled-in, merchant address if it is needed, etc.

Globe Charge

Where will you be shipping from?

Country: Australia

Make sure weight unit is

Zip code / Postal code:

Package box size?

Length: CM

Width: CM

Height: CM

Please enter shop details

- To combine several shipping providers, tick each shipping provider in the setup dialog

Height: CM

Please enter shop details

☐ **UPS Realtime Shipping Settings** 

☐ **Fedex Web Service Settings** 

☐ **AusPost Realtime Shipping Settings** 

- Enter your account details for each shipping provider
- Setup your shipping preferences for each shipping provider - tick all the shipping methods that apply to your merchant account.
- Click "**Save Settings**" button
- Preview your shop in External browser. Place a test order to check how shipping rates are calculated at checkout

IMPORTANT: Publish your shop again so that the changes are uploaded online.

| <input type="radio"/> |  Priority overnight | \$30.87 |
| <input type="radio"/> |  First overnight | \$59.71 |

Useful Shipping provider notes:

1) USPS shipping:

You need to sign up for a *USPS WebTools account*

Refer to our KB article,

<https://shopfactory.deskpro.com/en/kb/articles/en-what-does-this-error-mean-when-i-use-us-ps-80040b1a-authorization-failure>

2) Canada Post API shipping:

Note: You must contact Canada Post to set-up an online merchant access Business Account - they will direct you to do this online yourself through their website - it only takes a few minutes.

Then you can generate your **API Keys: username and password**.

This API username is NOT the same as your Canada Post "Account ID" nor the "Web Login ID" that you may have set-up already. Generate your api keys to get your api username and api password that you then setup in ShopFactory for setting up real time shipping rate calculations.

Note: "Customer Number" is your Canada Post Account Number

Combine Shipping Providers option – Note: Customer Number is "Account Number"

The screenshot shows a configuration window titled "Canada Post API Shipping" with the Canada Post logo. A yellow bracket on the left side of the form groups the following fields:

- ☒ **Canada Post API Shipping**
- Customer Number:
- Sandbox: ☐
- API Username:
- API Password:
- Autosplit package if weight is more than: (Max:30KG)
- Handling Costs: CAD
- Select shipping states:
 - Left list: Alberta, British Columbia, Manitoba, New Brunswick, Newfoundland, Northwest Territories, Nova Scotia, Nunavut, Ontario, Prince Edward Island
 - Right list: Alberta, British Columbia, Manitoba, New Brunswick, Newfoundland, Northwest Territories, Nova Scotia, Nunavut, Ontario, Prince Edward Island
 - Buttons: >, <, >>, <<
- Select shipping countries:
 - Left list: Afghanistan, Albania, Algeria, American Samoa, Andorra, Angola, Anguilla, Antigua and Barbuda, Argentina, Armenia
 - Right list: United States, France, Australia, Mexico
 - Buttons: >, <, >>, <<

3) Sendcloud Shipping

Refer to this KB article, [Setup SendCloud Platform in ShopFactory](#)

4. Setup DHL shipping

DHL integration:

http://www.dhl.com/en/express/resource_center/integrated_shipping_solutions.html

You will need to contact DHL and get them to generate your Site ID. You need the DHL online shipping site ID

Aside from the merchant DHL account number, you need to have the "online shipping site ID".

Please have your DHL Merchant account number handy when contacting DHL Support.

The DHL Account Number you have will need to be setup for API services.

You will need to complete a similar form below so you get a DHL Site ID and password.

http://www.dhl.com.au/en/express/resource_center/integrated_shipping_solutions/request_xml_toolkit.html

DHL will get back to you within a day or two with your Site ID and password.

- Enter your DHL Account Number, Site ID, and password provided by DHL integration team - and select the countries that you wish to ship to - see sample screenshot below:

The screenshot shows a web form titled "international methods" with a close button (X) in the top right corner. The form is divided into two main sections: "DHL Realtime Shipping Settings" and "AusPost Realtime Shipping".

DHL Realtime Shipping Settings:

- ☒ INTERNATIONAL PRIORITY: Free from \$:
- ☒ INTERNATIONAL FIRST: Free from \$:
- ☒ INTERNATIONAL ECONOMY: Free from \$:
- ☐ INTERNATIONAL GROUND: Free from \$:
- ☒ **DHL Realtime Shipping Settings** (with DHL logo)
- SiteID: Password:
- Account Number: Sandbox: ☐
- Dutiable: ☐
- Hide these shipping methods: (separate by comma)
- Select shipping countries: A list of countries (Afghanistan, Albania, Algeria, American Samoa, Andorra, Angola, Anguilla, Antigua and Barbuda, Argentina, Armenia) with navigation buttons (>, <, >>, <<) and a large empty box for selection.
- Autosplit package if weight is more than: (Max:30KG)
- Handling Costs:
- ☐ **AusPost Realtime Shipping** (with Australia logo)

5) Setup UPS shipping

Please refer to our KB article,
