Translating custom HTML contents in your pages and products

Language Link add-on is available in ShopFactory Gold and Platinum plans.

- Open shop in ShopFactory
- Click LANGUAGES menu
- Select "**Translation languages**" and tick all the languages you want to enable in your shop.
- From the language toolbar, you also need to enable "*Copy Base Language Value*". A border around it indicates it is ON.

If this button is set to *ON*, all items which have not been translated into another language, will have the texts in default language copied across.

- At the left-tree menu, select the page you want to translate
- Click "**Translate content**" from the LanguageLink toolbar
- Click *Translate* button on the right column

The screenshot shows the ShopFactory backend interface. At the top, there are navigation tabs: 'View Page', 'Manage Products', 'Edit page', 'Edit product', and 'Detailed View'. Below these are four buttons: 'Translate content', 'Translate website', 'Translate navigation', and 'Copy base language value'. The 'Copy base language value' button is highlighted with a blue border. Below the toolbar is a table titled 'Home Page Translations'. The table has two columns: 'English US' and 'German'. The first row is for 'Home Page' and shows 'Willkommen' in German. A red box highlights the 'Translate' button for this row, with a yellow arrow pointing to it. The text 'Translate a page' is written in red above this button. The second row is for 'Test Product 1' and shows 'Test Product 1' in German. A green box highlights the 'Translate' button for this row. The third row is for 'Test Product 2' and shows 'Test Product 2' in German. A red box highlights the 'Translate' button for this row, with the text 'Translate a product' written in red above it. The fourth row is for 'Test Product 3' and shows 'Test Product 3' in German. A green box highlights the 'Translate' button for this row. The fifth row is for 'Test Product 4' and shows 'Test Product 4' in German. A green box highlights the 'Translate' button for this row. A 'Show me how' button is located in the top right corner of the table.

- At the Page **description/custom html contents/Custom website contents** section, select **Edit** button on the right column
