Part 1: Signup for a merchant account with Multisafepay using JSON API

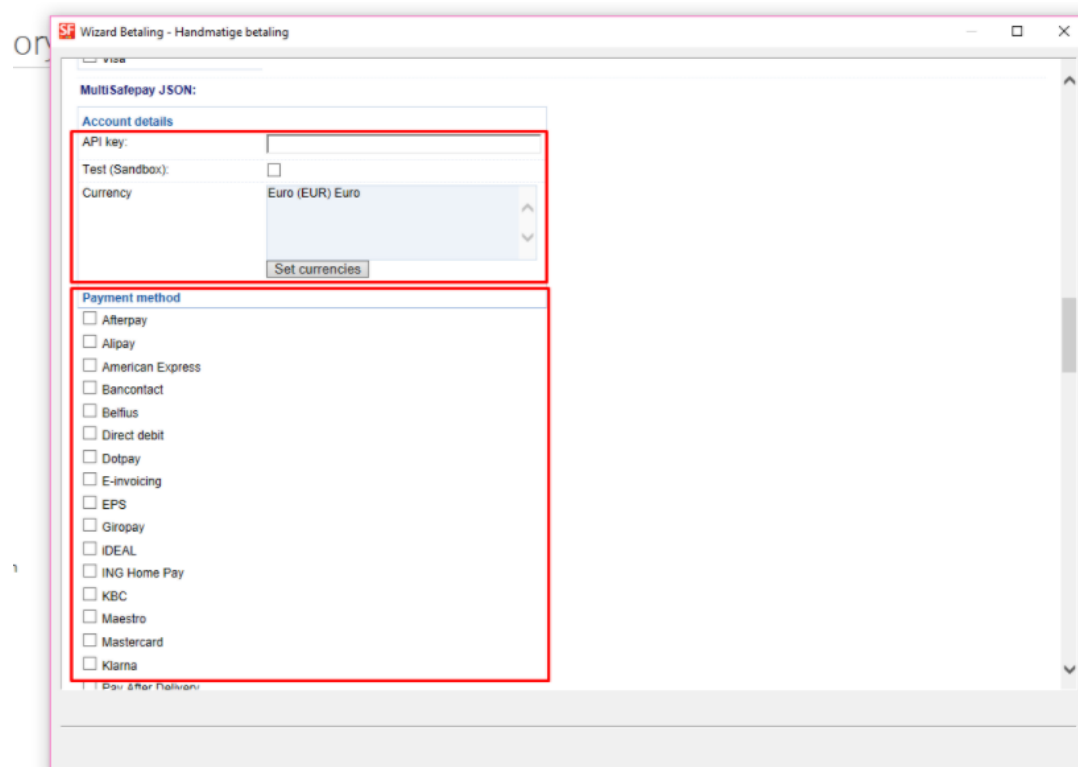

Part 2: Once your application is approved and you received your Multisafepay Connect merchant details, setup your shop to accept Multisafepay supported payments

How to enable in SF

- Open your shop in ShopFactory
- Click -> Central drop-down menu -> Payment methods accepted
- From the Payment Providers list, tick **"MultiSafepay JSON"**

- Scroll down the page and click NEXT button
- Enter your **MultiSafepay JSON** account details
- Tick the card types under **MultiSafepay JSON** supported Payment Methods that you want to enable in your shop.

- Click Next

- Click Finish
- Save and preview your shop. Place a test order.
- Republish your shop so that the changes are uploaded online
