# How can I set a minimum purchase quantity per Product?

Merliza N. - 2021-12-08 - Pages and Products

This is achieved in ShopFactory through Stock Levels (Stock Control) by setting the minimum order quantity.

- Open shop in Shopfactory

- Click Central drop-down and select Stock Level

- A message will appear. Stock Control is disabled. Do you want to Enable it? Yes or No. Click on YES.

- On the Stock Control Window, click the box "Stock Control Enabled" and Click OK

**IMPORTANT:** If you don't want to show stock levels, you can choose NONE for Stock Display type.

- You will see a list of products in the window Available Stock - List of Contents

Note: Only products with Unique Catalog numbers will display here, if nothing is displayed you need to go back and edit your products, add a catalog number to each of them.

- Double click on the Product you want to edit the minimum/maximum order quantity in both Minimum and Maximum column
