How do I save a shipping method template so I can use same shipping in another shop?

Elenor A. - 2021-12-08 - [Shipping and Taxes](#)

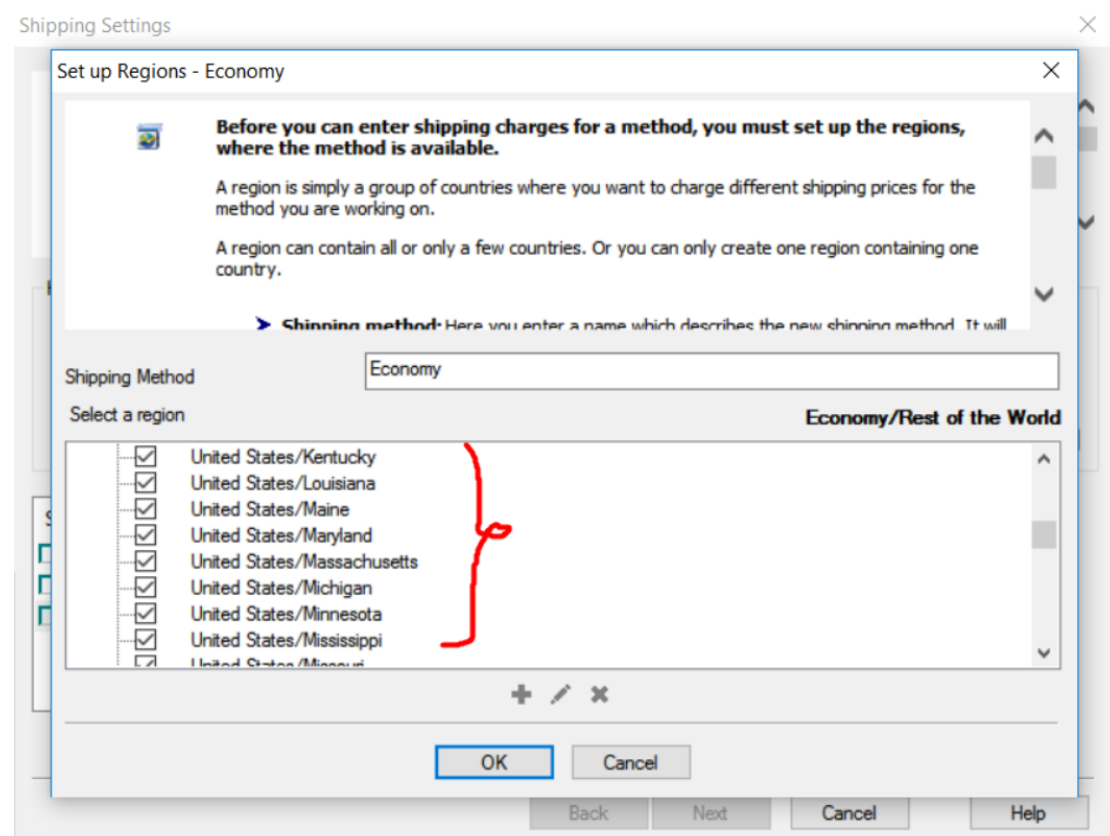

If you save a shipping method as a Template, it will be saved in this directory: (NOTE: it's 1 shipping method per xml file)

C:\Program Files (x86)\ShopFactory V14\ShopFactory\Shared Templates\ShipMethods

To use that shipping method template in another shop, here are the steps that you need to do:

Creating shipping template from 1st shop:

- Open shop in ShopFactory
- Click Central > select Shipping charges
- Select shipping method <for example: **Economy**>
- Select Regions on where the charges will apply

- Click OK
- Click NEXT
- Setup your ranges for shipping charges <for example: Calculate charges by PRICE>

Shipping Charges

Here you enter the costs you charge for the shipping methods you offer.

In the 'Select a region' Window select a region belonging to a shipping method.

If you cannot see the regions you have set up for a shipping method, click on the **+** next to the name of the shipping method.

All charges you enter for any shipping method will now only apply to customers living in the region you have selected.
