

How to edit "bank transfer" payment method names under Manual Payments

Merliza N. - 2021-12-08 - Payment Settings

The ability to edit the bank transfer payment method name(s) only applies to any active/paid ShopFactory Total Care account and paid GlobeCharge accounts. A new feature in the payment methods setup wizard is to allow you to create/define your own manual payment method names for these "bank transfer" options.

Please refer to the steps outlined below:

- In ShopFactory, go to **ShopFactory Central** and click **My Store** and then select '**Select how to accept payments**' (Or in previous version such as ShopFactory 10, click on *Properties* -> Payment methods accepted)
- In the first screen of the Wizard make sure to tick the option: **I want to approve some payment methods myself**

Here you can define the payment methods you want to accept. You can accept payment methods yourself or use a third party payment service provider which verifies payments on your behalf.
The base currency of your account is set to: US Dollar

Payment processing:
☒ **I want to approve some payment methods myself**
Many businesses approve payment methods such as 'Pay by check' or 'Pick up and pay' or 'Pay on Invoice' themselves.

☐ **I want to use a payment service provider**
The partner companies listed below can approve payments made to you. You must have an account with them.

- Tick the checkbox in front of the payment method name so a text box will appear in which you can add additional information for the buyer.
