Shop-wide discount: Limit discount by "Discount code (customers)"

Elenor A. - 2021-09-13 - [Discount Functions](#)

- Open shop in ShopFactory
- Click **Central** dropdown -> **Shop wide discounts**
- Tick the checkbox "**Limit discount by**"
- Select **Discount code (customers)**

Shop wide discounts

Shop wide discounts are discounts applying to all products in your shop or to the entire order placed by a customer.
To select a discount method click on its name.
Of course you can also schedule special discount times automatically.

12:45, Thursday, May 16, 2019
Set time limit

OK Cancel Help

- Click OK

IMPORTANT: Make sure you enter discount codes in the Product **Properties 2** dialog - as shown here:

The image shows a software interface for creating a product. On the left, there's a sidebar with sections like 'Promote', 'Introduction', 'Highlights', and 'Description'. The main area is a 'Product Wizard' window titled 'Test Product XYZ'. It contains various input fields for product details. At the bottom of the wizard, the 'Discount code (customers)' field is highlighted with a red rectangular box. Inside this box, the text 'pcode-xyz' is entered, and a yellow highlight is placed over the text 'Enter discount code here...'. Below the wizard, there are buttons for 'OK', 'Cancel', and 'Help'.
