EN-GDPR compliance: Show "Product Details" in secure Checkout page

Jobelle C. - 2021-11-16 - [Pages and Products](#)

To comply with the GDPR regulations, the product details must be displayed to your buyer during Checkout.

1: All products must have texts in the product introduction section

This can be achieved by adding the product details in the "**Product Introduction**" section for each product.

- Open your shop in ShopFactory
- At the left-tree menu, select the page/department where products are contained (you can choose to switch to LIST mode for a quick view of all products in that department)
- Select a product -> click "EDIT PRODUCT" from the toolbar
- In the "**Introduction**" textbox, enter a short description for this product

The screenshot shows the 'Edit Product' interface in ShopFactory. On the left is a sidebar with a menu. The main area has a top bar with checkboxes for 'Product visible', 'Request a quote', 'Don't show "Add to Basket" button', and 'Request a sample'. Below this are input fields for 'Product title' (containing 'Product 111a'), 'Price' (A\$ 14.95), 'Promote' (a dropdown), 'SKU / Cat. No.' (pr-111a), and 'Weight' (1.000 kg). A yellow box highlights the 'Introduction' section, which contains the text 'This is a short product headline sample text.' and a red arrow pointing to 'Add your product details here....'. To the right of the text fields is a product image of a glass with a lemon and a blue dumbbell. Below the image are buttons for 'Image' and 'More images'. At the bottom, there are tabs for 'Description' and 'Longer description', and a large text area containing 'SAMPLE TEXT' and the placeholder text 'Sample text simply exists so you can see what your new block looks like. To'.

*** Repeat above steps for all other products in your shop

2: Enable the "Show product details in checkout" option under Global Settings

- Click *Settings* menu -> select "Global Settings"
- At the left column, select "Settings for this Website" -> **Miscellaneous**
- Tick "**Show Product details in checkout**" checkbox as shown below:

- Click Ok.

- Save and publish your shop again.

When customers order from your shop, the "product introduction" texts will be displayed at the final checkout page.
