Merliza N. - 2021-12-08 - Apps en SF Cloud diensten

Important note: The Facebook store app requires https. Facebook app will only work for websites that are in **https**. It is Facebook requiring your site to be in https:// - it's not ShopFactory who can make this work; you need to either use our ShopFactory hosting or get your own ssl certificate (discuss with your hosting provider).

**NOTE:** Facebook store app will only work using an SFX template.

- Login to your Facebook account and create a new page (or register if you don't have a Facebook account yet)

- You need to create your own Facebook page first i.e. *ABC123 Store*

- Open your shop in ShopFactory

- Click on the "**Central**" menu or click "ShopFactory Central" at the left tree menu

- At the right side of the Central page, click on the "*Add store to Facebook*" button

- It will open up your default browser and ask you to login to your Facebook account if you haven't
