Kopieer 'Gerelateerde producten' in bulk naar andere producten met de functie Productsjablonen

Merliza N. - 2021-09-06 - Pagina's en producten

In ShopFactory kun je cross-promoted producten instellen die kopers van een product aanspreken met een aanbod om een verwant product te kopen. Bijvoorbeeld, een klant die een overhemd koopt kan enkele 'Verwante producten' zien van een broek en schoenen die bij het overhemd passen. Dit is bedoeld om kopers tijdens het aankoopproces te benaderen met suggesties over verwante producten.

A) Producten in bulk bijwerken met "Gerelateerde producten"

1: Maak een product aan met de lijst van "Gerelateerde producten" die je wilt gebruiken voor andere producten

- Kies in het linker-boommenu Homepage of een willekeurige afdeling in Navigatie 2
- Klik op de knop **Nieuw Product**
- Klik op Eigenschappen -> Gerelateerde producten
- Voeg de producten toe die je wilt cross-promoten

Raadpleeg dit artikel voor gedetailleerde stappen, [Gerelateerde producten toevoegen \(kruispromoties\)](#)

2: Verplaats het product naar "Productsjablonen"

- Selecteer het product en klik op CTRL+X (knippen)
- Kies in het linker menu Product Templates
- Plakken (CTRL+V)

3: Bulk kopieer 'Gerelateerde producten' naar meerdere artikelen in je winkel

- Ga naar **Inhoudsopgave** of selecteer een afdeling/pagina waar je deze Gerelateerde Producten wilt toepassen.
- Als je op een pagina/afdeling bent, klik je op "**Productenbeheer**" om over te schakelen naar de lijstweergave van producten.
- Selecteer de producten door de CTRL toets in te drukken en op elk van de producten te klikken, of gebruik de SHIFT toets om een groep aaneengesloten producten te selecteren
- Rechtsklik op de selectie -> klik in het snelmenu op **Kopieer de waarden van een productsjabloon naar alle geselecteerde producten**

Copy values from product template

Select a product template in the left window. Then select the fields you want to copy and click on the **OK** button. All the selected values will now be copied to the target products. Existing values will be overwritten. If you chose to delete options not contained in the product template, then all options which are not contained in the product template will be deleted from the target products.

Product Template:

- Copy of Gift Voucher SFEditor
- Copy of Style DEF
- Copy of PDF Gift Vou

Fields to copy:

- Catalog number: [stk30011-temp]
- Allow decimal quantities such as 1.5: [0]
- Manufacturer code: []
- Distributor code: []
- Price code: []
- Product Code: []

Delete all options in target products

Number of products selected: 13

? If you click on Yes the selected fields will be copied to all the products you have selected (13). This operation cannot be undone automatically.

Do you want to proceed?

- Klik op OK
- Bewaar en bekijk het voorbeeld in de Externe browser; kijk op de detailpagina van het product om te zien of de rubriek Gerelateerde producten gevuld is
- Publiceer je winkel opnieuw zodat de veranderingen online geüpload worden.

B) Alle "gerelateerde producten" in meerdere producten verwijderen

- Maak een product dat geen verwante producten heeft door op de knop **Nieuw Product** te klikken
- Verplaats dit product naar de categorie "**Productsjablonen**"
- Ga naar Inhoudsopgave of naar de afdeling/pagina en selecteer dan alle producten waarvan je de "Gerelateerde producten" in bulk wilt verwijderen
- Selecteer de producten door de CTRL toets in te drukken en op elk van de producten te klikken, of gebruik de SHIFT toets om een groep aaneengesloten producten te selecteren
- Rechtsklik op de selectie -> klik in het snelmenu op **Kopieer de waarden van een productsjabloon naar alle geselecteerde producten**

The screenshot shows a product management interface with a list of products on the left and a main table of products on the right. A context menu is open over the selected products, and the option "2. Copy values from a product template to all selected products" is highlighted with a red box. A red arrow points to the "Gerelateerde producten" column in the table.
