

## EN-GDPR compliance: Show "Product Details" in secure Checkout page

Jobelle C. - 2021-11-16 - Pagina's en producten

To comply with the GDPR regulations, the product details must be displayed to your buyer during Checkout.

### 1: All products must have texts in the product introduction section

This can be achieved by adding the product details in the "**Product Introduction**" section for each product.

- Open your shop in ShopFactory
- At the left-tree menu, select the page/department where products are contained (you can choose to switch to LIST mode for a quick view of all products in that department)
- Select a product -> click "EDIT PRODUCT" from the toolbar
- In the "**Introduction**" textbox, enter a short description for this product

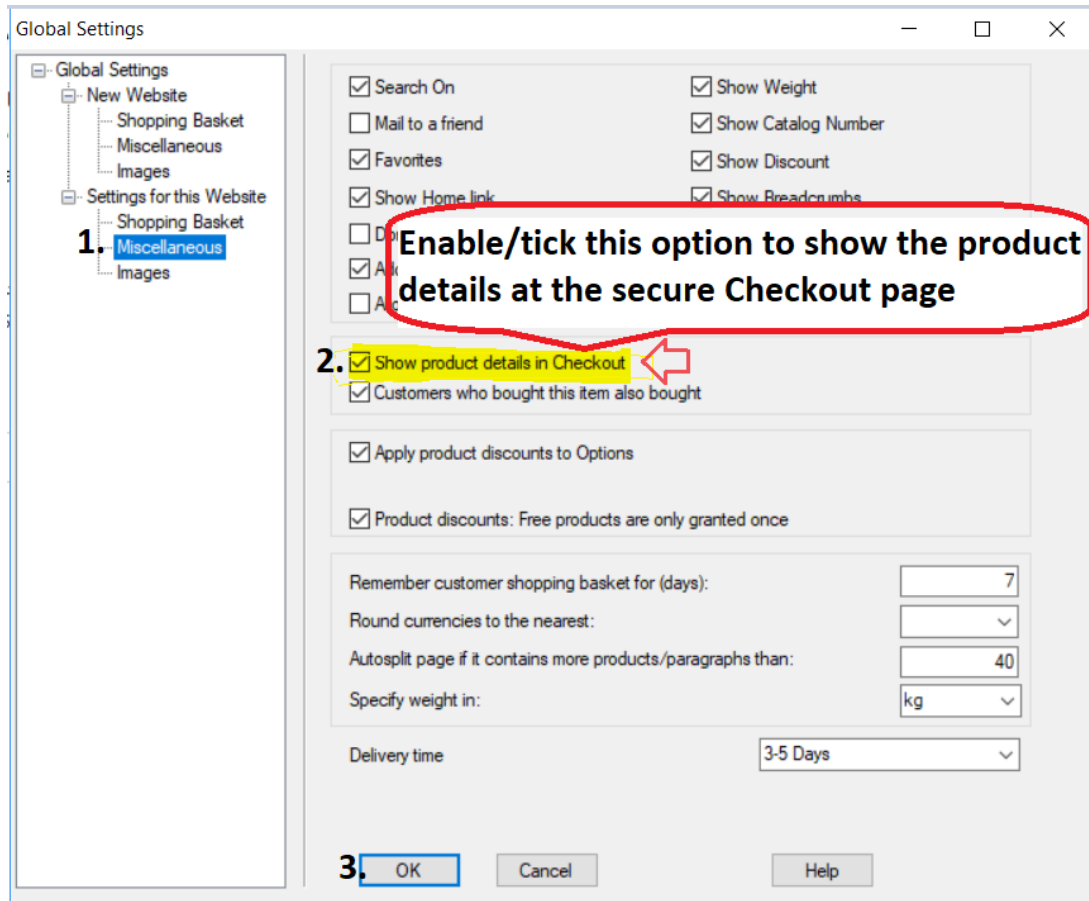

The screenshot shows the ShopFactory product editor interface. At the top, there are checkboxes for 'Product visible' (checked), 'Request a quote' (checked), 'Don't show 'Add to Basket' button' (unchecked), and 'Request a sample' (checked). There are also buttons for 'Properties', 'Finish', and a red arrow. The main form includes fields for 'Product title' (Product 111a), 'Price' (AS\$ 14.95), 'Promote' (dropdown), 'SKU / Cat. No.' (pr-111a), and 'Weight' (1.000 kg). A yellow box highlights the 'Introduction' section, which contains the text 'This is a short product headline sample text.' and 'Add your product details here....'. To the right of the introduction is an image of a glass of lemonade and a blue dumbbell. Below the introduction is the 'Description' section, which contains 'SAMPLE TEXT' and 'Sample text simply exists so you can see what your new block looks like. To'. There are also buttons for 'Image' and 'More images'.

\*\*\* Repeat above steps for all other products in your shop

### 2: Enable the "Show product details in checkout" option under Global Settings

- Click *Settings* menu -> select "*Global Settings*"
- At the left column, select "*Settings for this Website*" -> **Miscellaneous**

- Tick "Show Product details in checkout" checkbox as shown below:

- Click Ok.

- Save and publish your shop again.

When customers order from your shop, the "product introduction" texts will be displayed at the final checkout page.

*Here's an example:*
