## EN-GDPR compliance: Show "Product Details" in secure Checkout page

Jobelle C. - 2021-11-16 - Pagina's en producten

To comply with the GDPR regulations, the product details must be displayed to your buyer during Checkout.

## 1: All products must have texts in the product introduction section

This can be achieved by adding the product details in the "**Product Introduction**" section for each product.

- Open your shop in ShopFactory
- At the left-tree menu, select the page/department where products are contained (you can choose to switch to LIST mode for a quick view of all products in that department)
- Select a product -> click "EDIT PRODUCT" from the toolbar
- In the "Introduction" textbox, enter a short description for this product

\*\*\* Repeat above steps for all other products in your shop

## 2: Enable the "Show product details in checkout" option under Global Settings

- Click Settings menu -> select "Global Settings"
- At the left column, select "Settings for this Website" -> Miscellaneous
- Tick "Show Product details in checkout" checkbox as shown below:

- Click Ok.
- Save and publish your shop again.

When customers order from your shop, the "product introduction" texts will be displayed at the final checkout page.

Here's an example:
